Selected quotes & reviews

"My Flute Sonatina will find many new friends in this fine performance which captures so eloquently the variety of moods I incorporated into this work so many years ago. Sincere thanks to Rachel Smith, her accompanist Rachel Fryer along with my congratulations on an altogether splendid disc."

(Sir Malcolm Arnold, September 2006)

"A very good CD... the playing is faultless"... It is useful to introduce works by a newer generation of composers alongside those of more established masters"

(John France, MusicWeb, March 2006)

"Charming performance"
