“Went to see Rachel perform Bach's 80 minute keyboard masterpiece last night - Absolutely Amazing! Fantastic playing! Well done Rachel please do another concert soon.”

“Just to say thank you for organising last night's concert. We were all really enthralled by it. The stamina and finger technique demanded to perform such a challenging piece was incredible and her execution of it was quite extraordinary. We were bowled over by Rachel Fryer's ability and performance. I can't deny that I was slightly bracing myself for it – was someone going to start snoring halfway through, was my son going to start getting fidgety etc. but my fears were all unnecessary - we were mesmerised.”
